Concert Technical

Shuoyang Zheng - shuoyang.zheng@qmul.ac.uk
for live performance on Wed 13 Dec @ Performance Lab

This document list the details regarding my performance setup.
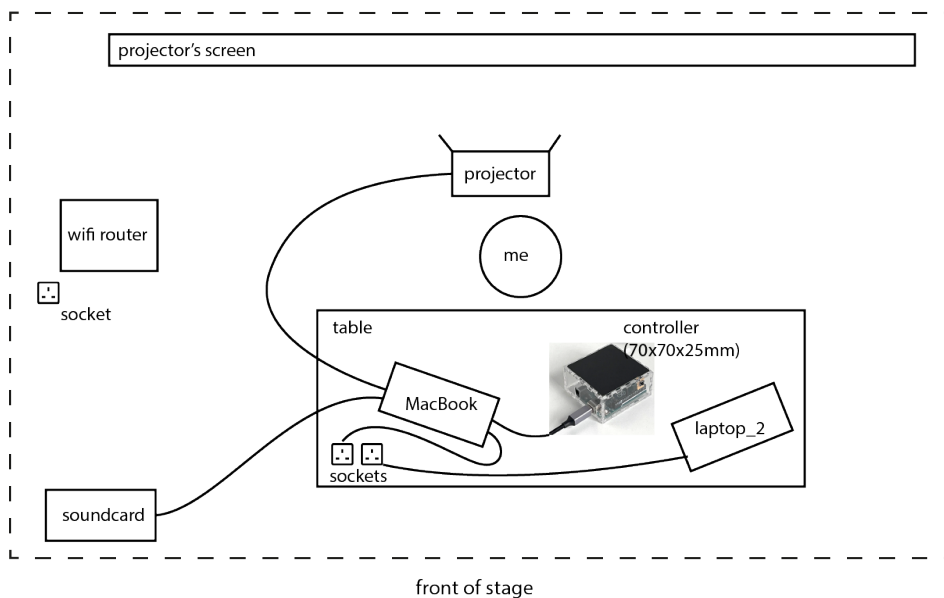

Many thanks in advance for setting up the stage!

I/Os

No audio input is needed,

There'll be a two-channel stereo output.

Stage arrangement

What I'll bring:

- A MacBook running Ableton Live
- A small controller
- A wifi router
- Another laptop (no audio output for this one)

What I'll need:

- Soundcard
- Screen projector

Other needs

- A table roughly 100 x 60 cm (or larger) if applicable
- One socket on the floor for the wifi router
- Two sockets on the table for two laptops

No stage monitor is needed
